CONSTRUCTION OVERVIEW

A 3D architectural rendering of a modern interior space, likely a great or living room. The room features a central bar area with a white countertop and a wooden base, surrounded by high-top stools. To the left, there is a fireplace with a stone surround and a television mounted above it. The room is characterized by white columns, arched doorways, and a herringbone wood floor. The ceiling has a decorative, recessed circular light fixture. The overall design is clean and contemporary with a touch of traditional architectural elements.
